

ENGLERT™

METAL ROOFING

Since its founding in 1966, Englert has evolved into one of the pre-eminent forces in metal roofing. Englert offers architects and builders innovative, and ever more advanced solutions that uniquely combine aesthetics and performance.

Englert is widely recognized as the leader in jobsite rollforming, where materials are custom cut and fit on site, to provide a seamless, high quality product, with far less waste, and at lower costs than pre-formed panels.

Englert Metal Shingles are one of the more exciting innovations in the roofing industry today. They offer a perfect choice for light commercial and residential applications. Finally, an affordable, easily installed metal roof alternative.

FEATURE PROJECT

Woodlawn United Methodist Church

JOB PROFILE

- Project name:** Woodlawn Methodist Church
- Location:** Panama City Beach, Florida
- Architect:** Harvard-Jolly-Clees, Panama City, FL
- General Contractor:** GAC Contractors, Panama City, FL
- Roofing Installer:** Ameritech Enterprises Inc., Panama City Beach, FL
- Materials:** 60,000 sq. ft. of 18" wide Englert Series S2500 panels.
- Color:** ST-30 Sierra Tan.

The church is located two miles from the ocean and therefore it was important to protect the facility's finish. Englert was selected for their 20-year weather tight and 20-year paint finish guarantee.
