Products: Reynobond ACM

Substrate: Aluminum

Coatings: Colorweld Brite

Warranty coverage is subject to the terms, conditions, limitations, remedies and legal rights set forth below:

1. The duration of this Warranty (the "Warranty Period") shall be for five (5) years. This Warranty Period shall apply worldwide, except where the Product is installed within 20° North or South of the equator, in which case the Warranty Period shall be one-half (1/2) of the above-stated period.
2. The Warranty Period shall commence on the date of Alcoa's initial shipment of the Product.
3. Alcoa warrants that during the Warranty Period the Products will not peel, check, or crack (except for such slight crazing or cracking as may occur on normal roll-formed edges or break bends at the time of roll forming or other fabrication of pre-painted panels, which is accepted in the industry as standard) as a direct result of manufacturing.
4. Alcoa guarantees the following initial optical properties of Colorweld Brite, Aluminum Composite Material; Specular Reflectance: Measuring method: Devices and Services instrument at 25mrad at 600nm the initial reflectance of 83% shall not degrade by more than 10%-points within a period of 5 years from delivery date; or Measuring method: Dr. Lange Reflectometer RL-3 (ISO 7668) at 20 aoi the initial brightness of 84% shall not degrade by more than 10%-points within a period of 5 years from delivery date. All measurements to be made on an almost flat and carefully cleaned sample.
5. This warranty is limited to applications of Colorweld Brite bending radii larger than 25 mm. The assumption of liability in case of warranty for Colorweld Brite requires the qualified and professional processing of the material, and periodic cleaning in a proper way two times a year. This is to be documented by the processor in writing. All surface impairment of Colorweld Brite caused by mechanical abrasion or mechanical damages, negligence, misuse, abuse, corrosive environments, such as chemical vapors, alkaline solutions or other chemical atmospheres are not covered by this guarantee.
6. This warranty covers only the particular defects described in this certificate, and, only if they arise during normal use and service. It does not cover defects attributable to causes or occurrences beyond Alcoa's control and unrelated to the manufacturing process, including but not limited to, faulty or improper installation, normal weathering, exposure to corrosive atmospheres (such as those contaminated with salt spray, acid rain, harmful chemicals or vapors) mildew, unreasonable use, misuse, physical abuse, accidental damage, vandalism, use of incompatible accessories, fire, flood, earthquake, lightning, ice or windstorms, or other acts of God, wind-borne objects, building settlement or structural failures (including walls and foundations) or the use of harmful cleaning compounds, intermittent or continual submersion in water or any other mechanical damage or any other physical damage. For purposes of this Warranty Period, the Product shall be deemed to have been installed in an atmosphere contaminated with salt spray, if installed within half (1/2) a mile (measured from mean high tide) of any body of salt water. Alcoa recommends that there be a systematic fresh water rinse maintenance program in effect in areas of high salt concentration (such as adjacent to the seashore and/or industrial atmosphere) so as to prevent the accumulation of concentrated salt deposits.

WARRANTY

7. This warranty does not cover damage to the coating that occurs prior installation of the Product, including, without limitation, contamination occurring during shipment of the Product to the jobsite or during storage at the jobsite. Forming REYNOBOND® panels at temperatures below an ambient temperature of 60°F (16°C) may adversely affect the appearance and performance of the Colorweld finish.
8. All claims hereunder must be submitted in writing to: Alcoa Architectural Products, P.O. Box 4129 Eastman, GA 31023-4129. This claim must be accompanied by this certificate, fully completed and signed by the dealer that furnished the Product to the Owner or a copy thereof. IN ORDER TO QUALIFY FOR WARRANTY COVERAGE, ALL CLAIMS MUST BE SUBMITTED WITHIN THIRTY (30) DAYS FROM THE DATE THE DAMAGE OR DEFECT IS FIRST DISCOVERED OR COULD HAVE BEEN DISCOVERED, BUT IN NO EVENT MAY CLAIMS BE SUBMITTED MORE THAN THIRTY (30) DAYS FOLLOWING THE EXPIRATION OF THE WARRANTY.
9. Alcoa shall be given a reasonable opportunity to inspect the Product claimed to be defective. If after inspection of the Product, Alcoa determines that the claimed defect is covered by this Warranty, Alcoa, as its sole option, shall refinish, repair, or replace, the defective Product without charge to the Owner.
10. All warranty work will be performed by Alcoa or by a company, dealer, contractor, applicator or distributor selected by Alcoa. Since there may be a color variance between the replacement or refinished Product and the originally installed Product due to normal weathering (i.e. exposure to sunlight and extremes of temperature and weather and aging) of the originally installed Product, this condition shall not be indicative of a defect in either the replacement or refinished Product of the originally installed Product.
11. Alcoa reserves the right to discontinue or modify its Product line and coating colors. If the original Product or coating color is no longer available, Alcoa, will, at its option, either substitute a Product or coating color of comparable quality or refund the purchase price of the defective Product only.
12. The Warranty Period applicable to any refinished, repaired or replaced Products shall be for the remaining un-expired portion of the original Warranty Period.
13. IT IS UNDERSTOOD AND AGREED THAT THE REMEDIES PROVIDED FOR HEREIN ARE EXCLUSIVE WHETHER FOR BREACH OF EXPRESS WARRANTIES OR OTHERWISE AND SHALL CONSTITUTE THE OWNER'S EXCLUSIVE AND ALCOA'S EXCLUSIVE LIABILITY. IN NO EVENT SHALL ALCOA BE LIABLE FOR DIRECT, INDIRECT, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES FOR ANY BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES IN CONNECTION WITH THE PRODUCT. THIS WARRANTY IS THE ONLY EXPRESS WARRANTY EXTENDED BY ALCOA IN CONNECTION WITH THE PRODUCT, AND IT EXCLUDES ALL OTHER WARRANTIES, OTHERWISE, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OR MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
14. This warranty is extended only to the Owner and is not assignable or transferable.
15. This warranty may not be modified or changed except by a written document signed by an officer of Alcoa Architectural Products.
