Black

\*Variations may exist from the printed colors to the actual paint. Please request a physical paint chip before placing any orders.

**Better Design:** Each component of the Series 56X system, from the miters and end caps to the hidden hangers, was designed to achieve a totally refined look. The unique architectural profile looks like part of your house, and not something that was added on.

**Custom Fit:** All Series 56X gutters are seamless. They are custom formed and cut to exact dimensions at your home to ensure a perfect fit.

**Maximum Flow:** Compared to standard gutters, Series 56X has a larger gutter bottom and downspout, which helps remove rainwater from your roof faster, to provide better protection for your home.

**Maximum Strength:** Series 56X gutters and downspouts are made from a heavier gauge metal than standard gutter systems and are erected with heavy-duty hangers for maximum strength.

**Color Choices:** Searching for that special color to complement your home? Series 56X is available in a wide range of designers colors.

**ScratchGuard™ Finish:** The Series 56X gutter system is protected by Englert's exclusive ScratchGuard paint finish and comes with a limited lifetime warranty.
